Subject: Dimock - SAP Round 1 Supplemental - Final2

Rich,

As noted earlier, we had inadvertently failed to reflect a comment from NAREL regarding which rad isotopes they analyze for. This attached SAP (table 1 and 2) has been updated to reflect this, and I have updated the submittal date in the SAP as 5/17/12. Barring any additional comments this should be considered final.

Please let me know if you have any questions.
